

# Mage**INIC**

[Discount Filter](#)

## FEATURES

- The store admin can enable/disable the module functionality.
- Users are able to filter Products based on Discount category layered navigation sections.

## Ultimate Guide for Magento 2 Discount Filter

Introducing Magento 2 Discount Filter extension, Improve the Layered Navigation with filtering products by discount. Show discounts in percentage or in amount in the filter. The module counts percentage and amount of discounts

- The website admin can enable or disable the functionality of a convenient plugin that empowers users to experience a swift checkout process for their selected section.
  - The administrator has the authority to activate or deactivate the button on specific pages according to their requirements.
- 

## How to install the extension

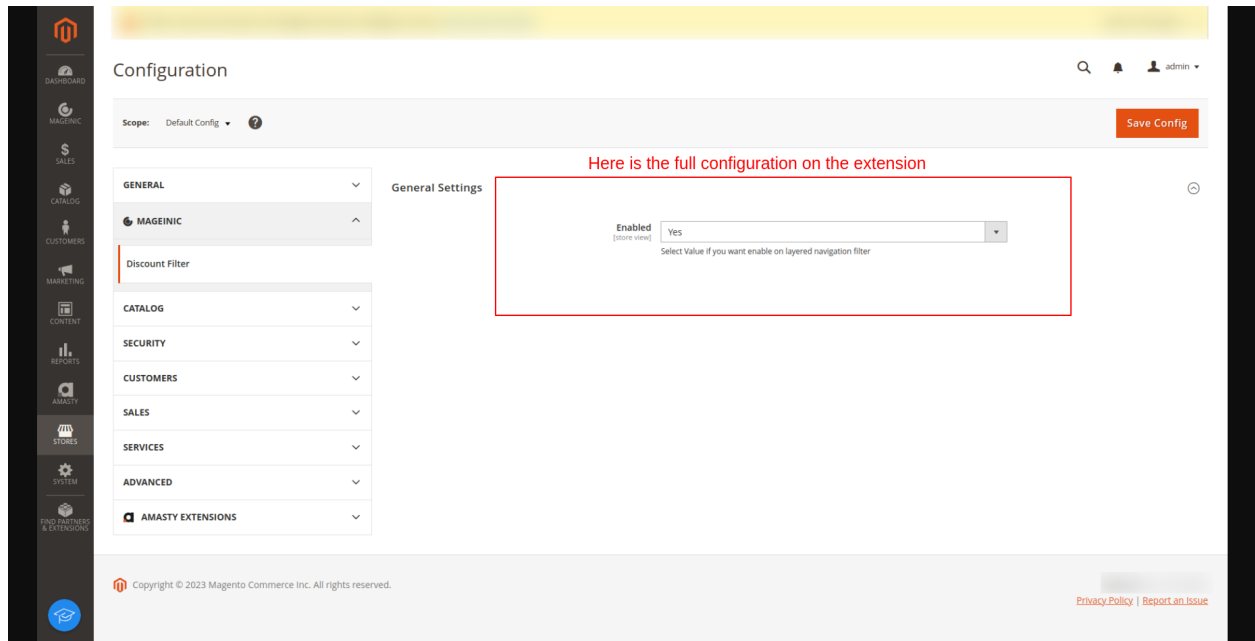

### 1. Upload via ZIP/Archive

- Back up your store's database and web directory
- Download the extension zip file and extract the zip file
- Transfer the **app** folder into the **Magento2 root** directory on the server
- Enable maintenance mode **php bin/magento maintenance:enable**
- Run the command **php bin/magento module:enable MageINIC\_Core MageINIC\_DiscountFilter**
- Run the command **php bin/magento setup:upgrade** to install the extension
- Run the command **php bin/magento cache:clean** to clean the cache
- Disable maintenance mode **php bin/magento maintenance:disable**
- Check the store environment if everything is working properly. If, at any point, the store displays an error, check the Magento logger for more details.

# Extension Configuration

To configure the extension configuration, Please go to **Stores** → **Settings** → **Configuration** → **MagelNIC** → **Discount Filter Button**.

## Discount Filter Configuration

The screenshot shows the Magento Configuration interface. On the left is a sidebar with navigation links: DASHBOARD, MAGENIC, SALES, CATALOG, CUSTOMERS, MARKETING, CONTENT, REPORTS, AMASTY, STORES, SYSTEM, and FIND PARTNERS & EXTENSIONS. The main content area is titled 'Configuration' and shows the 'Scope' as 'Default Config'. A red box highlights the 'Discount Filter' configuration section under the 'MAGENIC' extension. The configuration includes an 'Enabled' dropdown menu set to 'Yes' and a note: 'Select Value if you want enable on layered navigation filter'. A red text annotation above the box reads: 'Here is the full configuration on the extension'. The footer contains copyright information for Magento Commerce Inc. and links to 'Privacy Policy' and 'Report an Issue'.

**Module Enable** - You can enable or disable this module by using this option Yes/No
