-

How to install the extension

1. Upload via ZIP/Archive

- Back up your store's database and web directory
- Download the extension zip file and extract the zip file
- Transfer the **app** folder into the **Magento2 root** directory on the server
- Enable maintenance mode **php bin/magento maintenance:enable**
- Run the command **php bin/magento module:enable MagelNIC_Core MagelNIC_DiscountFilter**
- Run the command **php bin/magento setup:upgrade** to install the extension
- Run the command **php bin/magento cache:clean** to clean the cache
- Disable maintenance mode **php bin/magento maintenance:disable**
- Check the store environment if everything is working properly. If, at any point, the store displays an error, check the Magento logger for more details.

Extension Configuration

To configure the extension configuration, Please go to **Stores** → **Settings** → **Configuration** → **MagelNIC** → **Discount Filter Button**.

Discount Filter Configuration

The screenshot shows the Magento Configuration interface. On the left is a sidebar with navigation links: DASHBOARD, MAGENIC, SALES, CATALOG, CUSTOMERS, MARKETING, CONTENT, REPORTS, STORES, SYSTEM, and FIND PARTNERS & EXTENSIONS. The main area is titled 'Configuration' and shows the 'Scope' as 'Default Config'. A 'Save Config' button is in the top right. The left sidebar of the configuration area lists categories: GENERAL, CATALOG, SECURITY, CUSTOMERS, SALES, SERVICES, MAGENIC (selected), and ADVANCED. Under the MAGENIC category, 'Discount Filter' is expanded. The 'Enabled' dropdown is set to 'Yes'. A red box highlights the 'Enabled' dropdown with a red arrow pointing to it from the text: 'You can enable or disable this module by using this option Yes/No'. Below the dropdown, a note says 'Select Value if you want enable on layered navigation filter'. The footer shows 'Copyright © 2024 Magento Commerce Inc. All rights reserved.' and 'Magento ver. 2.4.6' with links to 'Privacy Policy' and 'Report an Issue'.

Module Enable - You can enable or disable this module by using this option Yes/No
